FOR every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for hinself. We believe, however, that no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colle, Cholera and Duarrhead Remedy, a medicine that every family should be provided with.

Flowers in abundance have been furnished the old soldiers and it is assured that on no previous Decoration Day in Wheeling will there have been such a bounteous observance of the day. The flowers have been unusuallly early and abundant this spring, and the soldier boys will benefit by this.

Last evening the committees of the Woman's Relief Corps, Grand Army and Sons of Veteraus, appointed to decorate the soldiers' monument in the city building square, met there and completed their work. The monument is a mass of bunting and flowers and presents a most beautiful appearance.

The children of the various schools of the city are invited by the Soldier's organizations to attend the services at the several burial grounds this afternoon. The exercises will begin promptly at 2 ociock, and will consist of the presentised order for Decoration Day.

The G. A. R. committee requests that persons who desire to contribute flowers for decorating the graves, Leave them at the Odd Fellows' hall this merning, or not later than 2 p. m.

seventy-five members, including the leaders of the new National party, organized last night by the bolters fro ganized last night by the botters from the Prohibition convention, wet at the Central hotel to-day and arranged for a vigorous campaign. Nearly \$2,000 was subscribed to meet the expenses. Mrs. Eelen Gougar, Mrs. Richards, of Ohio, and L. B. Logan, of Ohio, who acted as chairman, candidate Bentley, ex-Gov-ernor St. John and others, made ad-dresses.

chairman, candidate Benney, ex-covertor St. John and others, made addresses.

Mr. Bentley asserted that he would get 100,000 votes from the Prohibitionists and that many western silver men would fock to the newp arty. He feared that the Australian system of voting in several of the states might result in keeping the new ticket from the ballot. The executive committee of the new party is in sension this afternoon. Just what will become of the Prohibition party is a matter which politicians are now discussing. The bitterness of the feeling among the cold water advocates as a result of the bolb of the broad gaugers last night, is manifested on every side. Some of the narrow gaugers claim to entertain the hope that the holters will yet come back to the parent organization, but others are just as certain that the two elements will never again be brought together. Homer L. Castle, chairman of the Prohibition local committee said that so far as the east is concerned, the Prohibition party will not be in any way affected by the bolt. With the west, matters are different, and some of the leaders, he said, were blue over the situation. He made the prediction, however, that 75 per cent of the bolters would be back in the fold within two would be made the prediction.how-ever, that 75 per cent of the bolters would be back in the fold within two weeks. Such people as John P. St. John Mrs. Gougar and R. S. Thomp-son, he said, are Populists, with Prohi-bition tendencies. "I presume they will go to the Populists party or to the free sliver party which is to be formed July 22, in St. Louis."

wil be by no means completed before adjournment and the prevailing opin-ion in the causes was that it would be impossible to dispose of more than the first three measures, though the friends of the inunigation bill will press it to consideration if it be possible to do so.

Arst three measures, though the friends of the journigration bill will press it to consideration if it be possible to do so. There was an effort to have the Pacific railroad refunding bill placed rough on the list ahead of the immigration bill mad a motion was made to this effect, but it was defeated, and a definite decision reached not to attempt to take up this bill until the next seesion. On motion of Senator Nelson, the caucus decided not to accept any amendments to the filled cheese bill.
